Website Pre-Proposal for

Point of Hope Apostolic Church

Two approaches to your new online presence

Hello, Pastor Gossage

Steve Stock connected us with Point of Hope, and we're grateful for the introduction. After reviewing your current website, we've put together two options for building a modern, mobile-friendly site that reflects the spirit of your church and makes it easy for visitors to find you and get connected.

We want you to have a clear picture of what each approach includes so you can choose the one that fits best. Both options include our referral discount (from Steve) and our religious institution discount.

What We Found

Your current website at pointofhopechurch.com has served its purpose, but there are several issues turning visitors away:

- **Not mobile-responsive** -- The site does not adapt to phones or tablets. Over 60% of web traffic now comes from mobile devices.
- **Broken functionality** -- JavaScript errors and mixed content warnings are degrading the user experience.
- **Dead links** -- Several "Read More" buttons link to nowhere.
- **No Facebook integration** -- Despite an active social media presence, there is no connection between your Facebook page and website.
- **No pastor or leadership section** -- Visitors cannot easily learn about who leads the church.
- **Hard to find on Google** -- No SEO setup means people searching "church near me" in your area are less likely to find you.

Your Options

We've put together two approaches. Both solve the core issues above. The difference is in depth, SEO, and how much room you have to grow.

Web Starter

Clean, focused, single-page

~~$2,200~~ **$1,200**

After $1,000 in discounts

- Single-page scrollable design
- All 9 sections (hero, about, services, pastor, ministries, etc.)
- Mobile-responsive layout
- Facebook feed integration
- Google Maps embed
- Click-to-call phone links
- Basic SEO (meta tags, titles)
- 2 rounds of design revisions
- 1-2 week delivery

RECOMMENDED

Web Professional

Full site with SEO and growth tools

~~$3,500~~ **$2,500**

After $1,000 in discounts

- **Up to 10 dedicated pages**
- Dedicated pages for each ministry
- Punto de Esperanza gets its own page
- Mobile-responsive layout
- Facebook feed integration
- Google Maps embed
- Click-to-call phone links
- Full SEO (schema markup, sitemap, robots.txt)
- Google Business Profile setup
- AI-assisted copywriting for all pages
- Google Analytics + Search Console
- Unlimited design revisions
- 2-3 week delivery

Side-by-Side Comparison

Feature	Starter	Professional
Pages	1 (scrollable)	Up to 10
Mobile-responsive	✓	✓
Facebook integration	✓	✓
Google Maps	✓	✓
Basic SEO (meta tags, titles)	✓	✓
Full SEO (schema, sitemap, robots.txt)	—	✓
Google Business Profile setup	—	✓
Google Analytics + Search Console	—	✓
AI-assisted copywriting	—	✓
Dedicated ministry pages	—	✓
Punto de Esperanza page	Section on main page	Full dedicated page
Design revisions	2 rounds	Unlimited
Delivery	1-2 weeks	2-3 weeks
Price (after discounts)	**$1,200**	**$2,500**

Why We Recommend Professional

Either option is a massive upgrade over your current site. But for a church with as much going on as Point of Hope, the Professional approach gives you meaningful advantages:

- **Google Business Profile** -- When someone searches "church near me" or "apostolic church Indianapolis," your Google listing is what shows up first. We set up and optimize your profile so people find you.
- **Dedicated ministry pages** -- Punto de Esperanza, youth ministry, Sunday School, and outreach each get their own space to tell their story instead of sharing a single scroll section.
- **Analytics** -- You'll be able to see how many people visit your site, where they come from, and what they're looking for. This helps you understand your community's online behavior.
- **Unlimited revisions** -- Churches often involve multiple stakeholders. With unlimited revisions, you can gather input from leadership without worrying about a revision cap.
- **AI-assisted copywriting** -- We write all your page content for you using AI tools, so you don't have to worry about what to say on each page. You review and approve, we handle the writing.

At $2,500 after discounts, the Professional option is $1,300 more than Starter but includes tools and setup that would cost significantly more if added later.

Payment

Both options follow the same payment structure. No hidden fees, no surprises.

Web Starter -- $1,200	
Deposit (50%)	$600 -- due before work begins
Final Payment (50%)	$600 -- due at delivery

Web Professional -- $2,500	
Deposit (40%)	$1,000 -- due before work begins
Midpoint (30%)	$750 -- due at design approval
Final Payment (30%)	$750 -- due at delivery

Monthly maintenance ($100/mo for hosting, SSL, security, and minor updates) is waived for Point of Hope as a religious institution.

How We Work

1. **Discovery** -- We gather your content, photos, logo, and any specific goals or preferences you have for the site.
2. **Design** -- We present a homepage mockup using your green and gold branding for review and feedback.
3. **Build** -- Full site development with mobile-responsive design, fast loading, and all agreed-upon features.
4. **Review** -- You review the site and request any changes. Starter includes 2 revision rounds; Professional includes unlimited.
5. **Launch** -- We go live, finalize SEO setup, and hand off everything to you with documentation.

Next Steps

1. **Let us know which option interests you** -- Starter or Professional. We're happy to answer any questions about either.
2. **We'll send a formal proposal** with your chosen option, ready to review and sign online.
3. **Work begins within 2 business days** of receiving the deposit and content.

Note

This is a pre-proposal to help you evaluate your options. A formal proposal with full terms will be provided once you've selected your preferred approach. Pricing is valid for 30 days. Both options include the $500 referral discount (Steve Stock) and $500 religious institution discount.
